

it.Financials Upload Program

Empower Document Upload

Introduction

Businesses like yours are too often dependent on IT departments for routine changes to upload files, such as adding and deleting fields.

Your Benefit

- Provides easy-to-use tool for document financial information
- Improves financial reporting accuracy
- Empowers user functionality

Specification

itelligence's Financial Upload program provides an easy-to-use, Excel-based tool to facilitate the upload of financial balances (e.g., GL, AP, AR) into SAP.

Scope

- Eliminate errors by automating data entry while maintaining data validation
- Leverages Excel to upload files and worksheets
- Robust error handling capabilities
- Pre-delivered authorization profiles to ensure segregation of duties compliance
- Improved efficiency and accuracy in posting external balances to the general ledger
