

SAP BusinessObjects Web Intelligence Advanced Report Design

BOW320v4 - Web Intelligence Advanced Training for Power Users

Introduction

The target audience for this training course is report designers who are experienced SAP Web Intelligence users and who need to create complex Web Intelligence documents

Content

Duration: 1 day

- Reviewing Web Intelligence core report design
- Working with advanced query techniques
- Working with calculation contexts
- Creating formulas with character and date string functions
- Using If logic
- Working with additional reporting techniques
- Creating Hyperlinks
- Creating a document using other data sources

Goals

- Apply alternative query and reporting techniques when creating complex Web Intelligence documents
- Create combined queries and use sub-queries
- Use character and date string functions, create variables using 'If' logic, and redefine calculation contexts
- Link Web Intelligence documents using the hyperlink functionality and also create their documents using various SAP data sources

Prerequisites

- BOW310 Web Intelligence 4.x Report Design or Web Intelligence 4.x Fasttrack
