

SAP BPC Introduction for NW 10.0/10.1

EPM04.1 - Introduction Training to BPC for NetWeaver 10.0/10.1

Introduction

This training course is a 3-hour presentation-style introduction to BPC for Netweaver. It is designed as an initial introduction to terminology and functionality, in order to facilitate design discussions at the beginning of a project, or to otherwise introduce new users to the system. This course discusses the functionality available within BPC, but not how to create or maintain that functionality.

Content

Duration: 3 hours

- Introduction
- Structures
- Data Manager
- Processes & Audit
- Security & Work Status
- Intro to Logic
- Reporting & Input Schedules

Goals

To provide the information needed to actively participate in a BPC design session, or otherwise be able to discuss BPC functionality:

- Terminology
- System features and uses
- Basic system Operation
