

## Crystal Reports Accelerated

### BOC - Crystal Reports Training for all Users

#### Introduction

This three day accelerated training course is designed to give delegates the comprehensive skills and in-depth knowledge to plan and create Crystal 2008 reports that will help them analyse and interpret information. Delegates will find that this course is an in-depth approach to the entire report creation cycle - from planning a report prototype to distributing a report.

#### Content

Duration: 3 days

Creating a Report

- Connecting to a data source
- Adding tables
- The design environment
- Inserting Objects
- Formatting reports
- Saving documents
- The Workbench
- Inserting Special Fields
- Selecting Records
- Modifying record selection
- Understanding saved and refreshed data

Sorting, Grouping & Summarising

- Sorting records
- Grouping records
- Summarising data

Applying Section Formatting

- Formatting Sections
- Creating a summary report
